Third Issue Fractional Currency 50¢ Justice & Spinner Notes

There are three major types of 50¢ third issue notes. They first printed the Justice Notes, then the Spinner with type 1 back. The Spinner type 2 (redesigned) back was next. All three were printed in sheets of 12. The notes on the far left column of the sheet each have the position indicator "1", and the top row of the sheet has position indicator "A". Therefore, there is only one note per every 12 that has both the "1" and "A" position indicators. That is why all the "1" and "A" notes are very scarce to very rare.

The first notes to be printed were the Fiber Paper notes. The FR1357 Justice Red Backed Autograph signatures of Colby and Spinner with "S-2-6-4" surcharges on the back were the first to be printed December 1864. Only 3,060 notes were printed. This was, more than likely, an experimental printing. It also seems possible that the very rare FR1351, FR1352, FR1353 and FR1354 could have come from this same printing, since they are also printed on the very same fiber paper and have the same surcharges, but with printed signatures. The very rare FR1373A may be from the same printing as well, but this note has green back with printed signatures. The other four Justice fiber paper notes all have green backs with "A-2-6-5" on the back. They are the FR1370, the very rare FR1371 with "1" & "A", FR1372 with "1" indicator and FR1373 with just position indicator "A".

Next to be printed were the other Red Back Justice notes, the autographed notes FR1355 and FR1356. Then followed FR1343 and FR1347 with no position indicators, the rare FR1344 and FR1348 with both "1" & "A" indicators, FR1345 and FR1349 with "1" position indicator and FR1346 and FR1350 with position indicator "A".

Next to be printed were the Green Back Justice notes, FR1358, FR1362, and FR1366, with no position indicators. The notes with both "1" & "A", FR1359 very scarce, FR1363 scarce and the very rare FR1367. The other Green Back Justice notes are: FR1360, FR1364, and FR1368. All have position indicator "1". The FR1361,

FR1365, and FR1369 all have position indicator "A". In all, just 9,737,135 Justice notes were issued from December 5th 1864, thru December 31st 1865.

Next to be issued were the Spinner notes. In all there were 52,866,690 with type one back and only 10,868,028 with type two back. The type one notes were issued from January 1st 1866 thru March 23rd 1868. The type 2 notes were issued from May 27th 1868 thru April 15th 1869. The first Spinner notes to be printed were those having Red Backs. The first few hundred or so had autographed signatures. The FR1328 are signed by Colby & Spinner. The very scarce FR1329 notes are signed by Allison & Spinner. The very rare FR1330 were issued some time after Spinner had already left office and are signed by Allison & New. Maybe only three of these sheets were signed this way! Most known are gems, possibly given to friends of Allison and New. The other four Red Back Spinner notes are FR1324 with no position indicators, the rare FR1325 with "1" and "A", and the very scarce FR1326 with position indicator "1", and the very scarce FR1327 with position indicator "A".

Next to be issued were the Spinner type 1 notes with Green Backs. FR1331 and FR1335 have no position indicators. The scarce FR1332 and the very rare FR1336 (only a few uncs known) both have position indicators "1" & "A". The scarce FR1333 and the rare FR1337 have position indicator "1". The scarce FR1334 and the rare FR1338 have just indicator "A". Starting in May 1868, the Spinner notes with the new back (type 2) were issued. There are just four different notes. The scarce FR1339 with no indicators, the rare FR1340 with position indicators "1" and "A", FR1341 with indicator "1" and the very scarce FR1342 with position indicator "A".

Some undervalued 3rd issue 50¢ notes are: FR1357, FR1337, FR1338, FR1367, FR1368, FR1342, FR1371, and FR1372. Always try to buy the highest grade note you can afford.

Enjoy you notes!
